# ABOUT US

RK Tools in India is the pioneer organization engaged in the manufacturing of premium quality watchmaking tools, jewelery tools, hobby tools, engineering tools and all types of Tweezers. We feel proud to say that we are the leader in these products so far the range is concerned. Established in 1997, the company believes in providing its customers the best of products coupled with efficient services.

GREAT ADAPTABILITY to the need and requirements of its customers and the ATTRACTIVE PRICES for the quality has made LIBERTY - the brand name of R.K Tools, one of the most reputable firm in Jalandhar, Punjab. Our above mentioned products are widely exported and are in constant demand throughout Europe, U.S.A. and Canada.

The biggest asset of R.K Tools is its highly professional and skilled manpower that includes 30 workers. Regular in-house training programs and workshops are held to keep the staff abreast of the latest technology and techniques.

## Why Choose Us

- High Quality Products
- Well defined strategies
- International Standards
- Reliable price along with quality
- Latest production machineries

**Manufacturer & Exporter of Best Jewellery & Watchmaker's tools and other engineering products**
